

ORGI Pacem in Terris  
IV

1 August 1975

DCI:

Following the morning meeting today, I made arrangements with Dr. Fred Warner Neal, Center for the Study of Democratic Institutions, to visit with you at 11:00 on 5 August to discuss your possible participation in Pacem in Terris IV later this year. Dr. Neal understands that this does not constitute a commitment on your part to put in an appearance.

STAT

Depending on format (e.g.,  
pitting you "against" Sen Church or  
not) I recommend participation.  
This is a high class operation.
